*Open for Business*  
Investment Opportunities in the Australasian Region

New Zealand  
**TRADE & ENTERPRISE** 

New Zealand Trade and Enterprise, in partnership with Australian Trade Commission, invite you to attend the inaugural New Zealand-Australia Investment Forum:

## “Open for Business”

10 and 11 March 2010, Hyatt Regency Auckland, New Zealand

This not-to-be-missed event will provide you with:

- introductions to New Zealand and Australian investment-ready targets
- insights and access to leaders from some of the region's most successful companies, opinion makers and thought leaders
- connections to key targets through our "business connections program"
- a head start to explore the exciting new investment opportunities both countries have to offer

This is a unique chance to fast-track the development of strategic investment relationships, build your investment pipeline, and hear from some of the region's top corporate leaders. You will hear how New Zealand and Australia have responded to the new international economic environment and find out first hand where some of the new investment opportunities are.
